Apart from the variety of designs for the headboards our beds stick with the different wishes of the client. With the five different spring the bed responds to every demand for comfort and height. You can choose the base with different type of springs as:

- Baby pocket spring – 3 cm;
- Micro pocket spring – 6 cm;
- Low pocket spring – 13 cm;

Furthermore, Arte Italiana works with high-quality textile in different textures with more than 50 shades of the main colors. This makes our bed more adaptive to your preferred design.

The finish of the small details should be impeccable and that is why we can offer also a cover for your mattress in the same color and textile as your bed. With its antislip technology your rest will be undisturbed. The covers are made based on the dimensions of your mattress and are removable.
